## U. S. Weather Bureau

DAILY WEATHER FORECAST  
Office, Dunn & Daly Bldg.  
Phone 79

Tonight, fair, cooler; Wednesday, fair.

## Weather Conditions.

A disturbance of considerable energy is moving in from Manitoba and apparently sweeping eastward over the Great Lakes. This movement has so far not been attended by precipitation, except in limited portions of North Dakota, Montana and Wyoming, where light local rains or snow occurred. Moderate local rains were reported from the extreme North Pacific section and from extreme Southern Florida. All other sections reported clear skies. An area of high pressure is central over the Plateau and extending southeastward across the Middle Rocky Mountain region, which has given colder weather in the Plateau and Rocky Mountain region. Freezing temperatures were reported from the Plateau, Wyoming and the western portions of the Dakotas and of Nebraska.

A man can get his wife's attention by talking in his sleep.

A woman always tries to make a secret of what she doesn't know.

In the hands of a woman the powder rag is mightier than the sword.

## AS THE NEWS BREAKS

(By Associated Press.)

DALLAS, Tex., Oct. 23.—The seventh annual Child Welfare Congress of the Texas Congress of Mothers and Parent-Teachers Association, opened here this morning with a large delegation of mothers and teachers from other the State. A number of prominent speakers appear on the program, including some well known educators of Texas and other States. The sessions will be held in the Scottish Rite Cathedral. Mrs. F. W. McAllister of San Antonio is president of the association; Mrs. L. T. Worley of San Antonio, corresponding secretary; Mrs. Mary Watkins of Kemp, organization secretary; Mrs. W. H. Newsom of Fort Worth, treasurer, and Mrs. T. Wesley Hook of Kingsville, auditor. Mrs. Ella Caruthers Porter of Dallas is honorary president. A number of prominent Texas club women are to appear on the program and be guests of the organization.

FORT WORTH, Tex., Oct. 23.—The case against John Miller, Italian, charged with killing his daughter-in-law, Etta Miller, alias Etta McDonald, on the streets here in September, was set for trial here today. The woman had been convicted of manslaughter in connection with the killing of her husband, Miller's son, but had been given a suspended sentence.

AUSTIN, Tex., Oct. 23.—The Railroad Commission of Texas was to hear arguments in the advanced rate case here today. A notice of the meeting says "that the commission will hear oral arguments by any and all interested parties" for or against the application of the roads for a general advance in freight rates. Thus the door is open for arguments by shippers and their representatives as well as by the attorneys for the commission, various bodies and counsel for the railroads.

DALLAS, Tex., Oct. 23.—Commissioner of Agriculture Fred W. Davis, concurring with John S. Kerr of Sherman, has issued a call for a meeting of the growers and shippers of fruit and truck, commission men, buyers, transportation companies and the Federal Marketing Bureau, at the Texas State Fair here today. Every phase of marketing co-operation and arrangements for next year are being considered.

PLAINVIEW, Tex., Oct. 23.—The local electric power company is wiring the towns of Hale Center and Abernathy for electricity. This same company has finished its high potential wire to Lubbock and is now furnishing electricity there from its plant in Plainview. A line previously extended to Lockney on the east will soon be continued to Floydada and Crosbyton and possibly to Rawls and Lorenco.

Don't try to understand a woman and you may succeed.

## LOONEY DEPLORES ATTACK ON BATTS

Texas Men in Charge of New Haven Prosecution Is Being Slandered by Business Interests.

Austin, Tex., Oct. 23.—Attorney General Looney of Texas gave out the following statement:

Press dispatches other than the Associated Press regarding the New Haven trial now in progress in New York, being conducted for the government by R. L. Batts of Austin, Texas, are disparaging to Mr. Batts, and as is well known to the entire bench and bar of the State, egregiously false, and should be condemned.

Public officials whose duty it is to enforce the law against "big business" are all familiar with its disposition to have its way in spite of law and government, fully understand the motive behind these disparaging reports. Plainly the effort is to ridicule and belittle the attorneys for the prosecution and thus discredit the lawsuit before the public.

Mr. Batts is one of the ablest lawyers of this country, and the people may rest assured he has mastered every detail of law and fact involved in this case and that it will be thoroughly and properly tried. I am not familiar with the able counsel for the defense, but it is immaterial who they are, they will discover, before this litigation ends, that they had measured lances with an antagonist worthy of their steel.

## LOCAL PRODUCE MARKET

Eggs, 17½¢ per dozen.

## "VANITY FAIR" COMING.

Mrs. Fiske, who will be seen at the Queen Theatre next Saturday in the Edison film rendition of Thackeray's masterpiece, "Vanity Fair," has portrayed the role of "Becky" precisely one thousand and one times. The last time was for motion pictures so that her famous stage impersonation will be forever preserved. Her "Becky" ranks with Edwin Forrest's "Lear," Joseph Jefferson's "Rip Van Winkle," and Richard Mansfield's "Cyrano de Bergerac." It is improbable that Mrs. Fiske will ever again be seen in motion pictures.  
"Vanity Fair" is released through the Kleine-Edison Feature Service.

## MRS. THAYER MANUFACTURER OF HAIR GOODS

**When health is wrong  
the pay is short**

Getting ahead in this world calls for mental and physical forces kept upbuilt and in trim.

Often the food one eats "makes" or "breaks"—it depends upon the kind of food. In many cases the daily dietary lacks certain essential elements for keeping brain and body at their best.

Over 18 years ago a food was perfected to offset this lack—

**GRAPE-NUTS**

—and it has stood the test of the years.

Made of whole wheat and malted barley this famous pure food supplies all the nutriment of the grains, including their mineral salts—Phosphate of Potash, etc.—necessary for building brain, nerve and muscle.

Grape-Nuts has a delicious nut-like flavour; is always ready to eat—fresh, and crisp from the package; so thoroughly baked it is partially predigested.

Thousands "on the job" every day know

**"There's a reason for"  
Grape-Nuts**

—Sold by Grocers everywhere.
